Subject: 41st Assembly of Parties of the ITSO - REGISTRATION is still OPEN

Greetings!

The 41st meeting of the Assembly of Parties (AP-41) of the International Telecommunications Satellite Organization (ITSO) will be held in Washington, D.C., October 8 to 10, 2024.

In reference to the AP-41 Convening letter, of 31st January 2024 (Ref.: 01-31-2024/AP-41/DG-0), I want to clarify that **REGISTRATION is still OPEN** and urge that the Parties that have not registered as yet, take the necessary steps to do so as soon as possible.

Detailed information about the AP-41 and registration process are online at the [ITSO website](#) .

I am sure you share my belief that the participation of all Parties in ITSO's activities will further strengthen our existing relationship and effective cooperation while contributing to the achievement of our common objective of bridging the digital divide.

I look forward to welcoming your delegation to the AP-41 meeting.

With best personal regards,

A handwritten signature in black ink, appearing to read "Patrick Masambu".
